Saves 20+ hours/month for multi-entity finance teams · 12+ years across manufacturing, energy & logistics · GST/TDS automation via VBA, Power Query & Tally ODBC

CORE COMPETENCIES

Compliance GST (GSTR-1/3B/9) | TDS Filing & Recon | ITC Reconciliation (2A/2B) | Multi-Entity Accounting | Statutory Audit

Automation Tally Prime ODBC | Power Query (M) | VBA Macros | TRACES Automation | Advanced Excel Modelling

Software Tally Prime | Tally ERP 9 | Microsoft Office Suite | Google Workspace | Octa GST

AUTOMATION PROJECTS (IN-HOUSE BUILT)

TDS Pro Enterprise */ Excel + Tally ODBC + VBA + Power Query*

Project Summary: Built a custom, automated application inside Excel that directly connects to company accounting software to instantly calculate, verify, and reconcile monthly withholding taxes (TDS) across multi-business entities.

- Built a custom Excel dashboard to replace manual spreadsheets and accelerate monthly tax workflows.
- Implemented Tally ODBC feed directly into Excel, eliminating manual ledger exports.
- Automated challan-to-voucher matching, month-wise summaries, and one-click PAN verification against the TRACES portal.
- Prevented financial penalties by programming logic to auto-detect missing PANs and apply the 20% higher tax rate.

▷ **Impact:** Automated end-to-end TDS reconciliation across 8 business entities, saving hours of manual work, ensuring 100% tax compliance, and completely preventing regulatory penalties.

LoanGuard Pro */ Excel + Power Query + VBA*

Project Summary: Built an automated Excel dashboard to centralize and manage a multi-crore corporate loan portfolio, tracking daily interest and dynamic EMI schedules across multiple banks.

- Safeguarded a Rs. 50 Cr + corporate loan portfolio by centralizing tracking across multiple banks into a single automated dashboard.
- Prevented bank overcharges by engineering a daily automated audit that recalculates exact Overdraft and Cash Credit interest.
- Eliminated manual forecasting errors by building dynamic amortization schedules that instantly auto-adjust to RBI Repo Rate changes.
- Dispatches pre-formatted WhatsApp/Email funding alerts to the correct source bank account with a single click.

▷ **Impact:** Eliminated manual errors, prevented bank overcharges through daily interest audits, and maintained a flawless 100% on-time EMI payment record.

Bulk TRACES PAN Verification Tool*/ Excel + Web Automation + VBA*

Project Summary: Built a custom web-automation tool inside Excel that instantly cross-checks bulk vendor tax IDs (PANs) against the government portal to detect invalid or inoperative records.

- Automated bulk tax ID (PAN) verification, replacing manual government portal searches with a custom Excel web scraper.
- Eliminated tax penalty notices by instantly flagging valid but "Inoperative" vendors requiring a 20% deduction under Section 206AA.

▷ **Impact:** Slashed manual verification time by over 90% and eliminated tax penalty notices by instantly flagging high-risk vendors before filing.

Receivables & Collections Dashboard */ Advanced Excel + Pivot Tables*

- Developed an aging-bucket dashboard using VLOOKUP and INDEX-MATCH that surfaces overdue accounts within minutes of month-close, replacing a 2-day manual process.

▷ **Impact:** Compressed collections follow-up cycle from 2 days to **same-day action**.

PROFESSIONAL EXPERIENCE

Senior Accountant | *RBP Energy (India) Pvt. Ltd.* Jul 2025 – Present
Raipur, Chhattisgarh

- Built TDS Pro and Bulk TRACES PAN Verification tool to automate TDS calculations and vendor PAN verification, shrinking a 4-day workflow to 1 day.
- Engineered "LoanGuard Pro" to track a multi-crore loan portfolio, automatically audit bank interest charges, and ensure 100% on-time EMIs.
- Handled the full accounts for 8 group companies, making sure all ledgers were accurate and ready for audit.
- Managed the month-end and year-end closing, including tax calculations and filing all compliance reports.

Senior Accounts & GST Compliance Officer | *Lupin Gases Pvt. Ltd.* Oct 2022 – Jun 2025
Raipur, Chhattisgarh

- Found and claimed missed GST credits (ITC) by building better Excel reconciliation sheets, saving the company money.
- Managed all monthly GST filings and made sure our purchase records perfectly matched the government portal.
- Cleared government tax notices by preparing the reconciliation data to prove our tax filings were correct.
- Coordinated with auditors and resolved all queries to ensure the final financial statements were prepared on time.

Senior Accountant | *New Bombay Paper Mills Pvt. Ltd.* Jun 2020 – Sep 2022
Navi Mumbai, Maharashtra

- Completed the monthly and annual book closing, ensuring all tax provisions and expense entries were correct.
- Worked directly with auditors to provide the necessary schedules and finalize the year-end accounts.
- Managed import tax (IGST) credits by verifying customs bills of entry against our purchase data to avoid errors.
- Filed GST returns accurately by matching our company records with the GST Portal data.

Accounts Executive | *New Bombay Paper Mills Pvt. Ltd.* May 2017 – Jun 2020
Navi Mumbai, Maharashtra

- Handled daily bookkeeping, bank reconciliations, and ledgers for the manufacturing plant.
- Created Excel trackers to monitor customer payments (receivables) and loan EMI schedules.
- Posted month-end journals and reconciled bank and ledger accounts for on-time monthly closure.

Accounts Assistant / Billing Executive | *Seth Banshidhar Kedia Chawal · Jain Transport · Global Packaging* Jul 2013 – Dec 2016
Chhattisgarh

- Processed sales orders, invoices, and LR billing using Tally ERP 9 and Excel across three different business types.
- Maintained precise input and output tax records, actively supporting senior accountants with timely VAT and Service Tax filings.
